Lenguax™

SERIOUS ABOUT TRAINING AND TESTING

Sevda Hasanova

has completed a 40-hour course and demonstrated appropriate knowledge and consistent application to pass the

Course for Aviation English Examiners

from 25th - 29th April 2022.

Using speech samples valid to the ICAO requirements, the holder of this certificate has demonstrated competence in assessing Aviation English performances according to the ICAO Rating Scale for benchmarking, diagnostic and licensing purposes.

In line with ICAO requirements, it is recommended that the holder undergoes annual standardisation in order to maintain the necessary consistency for rating decisions.

Additionally, the certificate holder also demonstrated competence in test interlocution, another feature of examining that should be standardised annually for ICAO requirements.

The Course is an introduction to Aviation English rating in line with the ICAO requirements. The course focusses on:

The ICAO Language Proficiency Requirements & Document 9835
Analysis of the ICAO Rating Scale
Applying the ICAO Rating Scale to speech samples
Language Test Reliability and Validity Issues
Examiner Behaviour

Ben Rimron
Head of Training
